I was thoroughly impressed with Don's charisma and attention to detail. He truly cares about the safety, quality and final outcome of his work. He is detail orientated and keeps an extremely neat and clean job site. His customer service is a lost art in today's world. I felt like I was a close relative he was looking after, and you would be lucky to have him take you on as a client. My newly painted home is pleasing and warming to the heart. I couldn't be happier with the outcome of his work, thank you Don & Team!!!
